Dear MICCAI Reviewers:

We are now ready to begin the review process. We have attempted to distribute the papers fairly, taking into account your bid, your expertise, domain conflicts, and similarity with the papers you uploaded to TPMS.

Please, as soon as possible and no later than March 31st, check for any issues in your paper assignments and confirm the acceptance of each review assignment (see step 2 below). In rare cases where you feel unable to review one of your assigned papers, you can decline and will get a replacement paper assigned to you.

Please make sure you understand the process: https://miccai2021.org/en/THE-MICCAI-REVIEW-PROCESS.html and have read the reviewer guidelines https://miccai2021.org/en/REVIEWER-GUIDELINES.html before writing your reviews. You can also find a reviewer tutorial and all previous instructions sent to the reviewers at https://miccai2021.org/en/INSTRUCTIONS-TO-REVIEWERS.html

1. log into https://cmt3.research.microsoft.com/MICCAI2021/Submission/Index and select your role as reviewer, where you will find the papers assigned to you. On the "Review Console", you can view the titles, abstracts, download individual papers or, under "Actions", select "Download files" to download all papers including supplemental materials as a single archive. You can click on the Paper ID to view the submission summary of the paper, including the statement of Novelty/Impact, and their response to the reproducibility checklist.

2. For each paper, indicate by **March 31st** if you accept the review assignment via the "Entered Note?" column by clicking Add and select your response.
